Matisse RZ

Hybrid Leek

Long Slender Leeks with good uniformity

- Quick and early to establish and make a good stand
- High yield potential
- Is easy and quick to clean
- Has a thin leaf meaning a small loss in weight during cleaning when stripping off leaves
- Slightly longer and darker colour than Matejko
- Performs well in very cold conditions or very wet conditions but avoid areas with both i.e. snow then rain then snow
- Can look a bit “straggly” in windy conditions due to thin leaves but cleans up very well
