seeds?

Think
Terranova.

Buffalo

Sweetcorn Hybrid

- Early season maturity approx. 2 to 3 days earlier than Springfield in early season planted crops
- Large cob size with cob length average 20 to 21cm and diameter 50mm+
- Dark green husk with good husk extension protecting cob tip. Large flag leaf
- Good tip-fill on cylindrical cobs. Row count 16 to 18
- Rust resistant
- Ideal variety to start off the season.

Additional comments and cultural notes

Contains rust resistant gene giving good resistance under New Zealand conditions.
